## **Epic Maryland/Impossible Studios**

Senior Designer, 2012-2013

*Infinity Blade: Dungeons*, iOS (unreleased)

Responsible for creating and polishing dungeon tilesets to create a cohesive dungeon crawling RPG experience. Worked closely with environment artists and designers to balance combat, pacing, loot and consumable placement in a visually stunning world that would meet performance standards on the required iOS devices.

## **Big Huge Games, Inc.**

Senior World Designer, 2009-2012

*Unannounced Role Playing Game*

*Kingdoms of Amalur: Reckoning: The Legend of Dead Kel*, PS3/XBox360/PC

*Kingdoms of Amalur: Reckoning*, PS3/XBox360/PC

Created the visual look and layout of open world areas and cities, integrating narrative and gameplay elements. Utilized the game engine tools and basic scripting for terrain editing, asset placement, lighting, fx, and narrative and gameplay support. Responsible for pathing and map generation, clear movement of the player through spaces, maintenance of space functionality, and ensured the outdoor world fit within performance and memory constraints across all platforms.

Environment Artist, 2006-2009

*Unannounced Role Playing Game*

Asset creation and world design.

*Unannounced Wii Title* (canceled)

Asset creation, animation, environment tilesets, and level design.

*Age of Empires III: The Asian Dynasties*, PC

Responsibilities included asset creation, UI, and marketing support.

Map Artist, 2005-2006

*Rise of Nations: Rise of Legends*, PC

Creation of multi-player maps, asset creation, and marketing support.

## **Maryland Institute College of Art**

Teacher – Game Art, 2010

Taught part of a summer course to college students that covered introductory 3D modeling, texturing, ZBrush, and portfolio preparation
